This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

—

The issue of the present edition of "THE CANADIAN PARLIAMENTARY GUIDE" has been delayed for several reasons. The undersigned purchased the copyright and material from Mr. Arnott James Magurn during the spring of 1907, and being anxious to give his personal attention to a careful revision of every page and line of the book, that work occupied a great deal of time. The various autumn bye-elections seemed to justify further delay, and, in view of the near approach of the New Year and the sessions of the Dominion and Provincial Parliaments, it was decided to hold back the printing of the final sections so that this edition might contain a record of all the changes in the various legislative bodies of Canada complete to the end of the year 1907.

It will be observed that the date of the final revision of the various sections is given in each case, and that a separate section of "Occurrences during Printing," and also a few corrigenda, are inserted immediately before the index at the end of the volume.

From a fairly extended experience in Canadian journalism and other literary work, as well as from a few years service as the officer of the Dominion Parliament commissioned to supervise the issue of invitations and generally to arrange the details for parliamentary functions, the editor has learned that the value of this important book of reference depends upon its absolute accuracy. Every effort has been made to accomplish this end.

Each biographical sketch formerly made use of has been submitted for revision or approval to the man to whom it refers; while all new sketches appearing in this edition are, as far as possible, based upon data furnished, on invitation, by the subjects themselves. Most of the gentlemen occupying representative positions in Canadian public life have readily furnished the data requested for the preparation of their biographical sketches in this volume, and it is to be regretted that all have not done so, for as biography is the basis of history (and I write it with all modesty and a keen sense of personal responsibility,) there is no doubt that these volumes will be consulted for biographical data by the future writers of Canadian history.

The public men of a country are fair objects of national interest; they may in fact be considered in one sense as public property, and it is somewhat surprising to find a few gentlemen who have attained representative positions in various parts of Canada, hesitating, on the ground of modesty, from supplying authentic information regarding themselves for the recognized book of reference on Canadian parliamentary affairs.

A rather remarkable fact is that but very few public men, although asked by the data blanks to do so, give their names in full. And yet it is of practical importance that the names in full should be given, not only to make identification complete in the years to come; but for present purposes. During the preparation of this volume, the editor's attention was drawn to the fact of a delay being caused in the issue of a commission to a very high official, because his name in full was not obtainable. The name had appeared in several previous issues of the "PARLIAMENTARY GUIDE" but not in full, the middle name being indicated by the initial letter only. As a matter of fact is not the common practice of using initials only, instead of names in full, a modern affectation much to be regretted.

All the new matter, other than biographies, embodied in the following pages has been obtained, where possible, from official sources, and official assistance has been solicited and most graciously rendered in the revision of the various tables. The result, it is believed, is a fairly accurate and complete volume; but the editor will esteem it an especial favour to have his attention drawn to any errors or omissions, however trifling, as it is only by the co-operation of all interested that a book like this can be expected to acquire the quality of absolute accuracy which it should possess, and which is aimed at.

Several new features have been introduced into this edition, including an extended index, a list of members of the Royal Family, a list of the regnal years of the sovereigns of England, reviews of the scope and powers of the various Canadian legislative bodies, biographical sketches of the Judges of the Supreme Court of Canada, a list of members of the regular consular services of foreign powers on duty in Canada, a list of the chief Canadian public officers on service in the Mother Country and abroad, official rules regarding official spelling, geographical nomenclature, etc., etc.

For advice and assistance the editor considers himself especially indebted to Dr. Martin J. Griffin, C.M.G., Parliamentary Librarian, to Mr. Joseph Pope, C.M.G., I.S.O., Under Secretary of State; to Mr. Rodolphe Boudreau, Clerk of the Privy Council; to Mr. E. R. Cameron, K.C., Registrar of the Supreme Court of Canada; to Mr. Chas. J. Jones, I.S.O., of the Governor General's Office; to Mr. H. Lamonthe, Clerk of the Crown in Chancery; to Mr. James G. Foley, Deputy Clerk of the Crown in Chancery; to Mr. Charles T. Gibbs, Accountant of the Senate; to Dr. T. B. Flint, Clerk of the House of Commons; to the Hon. W. A. Weir, Provincial Treasurer of Quebec; to Mr. Joseph Howe Dickson, Clerk of the Executive Council of New Brunswick; to the Clerks of the various Legislative Assemblies, etc., etc.

With so much kindly assistance, the labour in connection with the preparation of this volume has been very materially lessened and the value of the matter contained therein greatly enhanced.

ERNEST JOHN CHAMBERS,
The Senate, Ottawa.

The King's legal title to the Crown rests on the statute of 12 & 13 Will. III. c. 3, by which the succession to the Crown of Great Britain and Ireland was settled on the Princess Sophia of Hanover and the "heirs of her body, being Protestants."

THE BRITISH GOVERNMENT

The King, as sovereign, exercises all powers of executive government through a cabinet composed of certain sworn privy councillors, who act as advisers of the Crown, and conduct the public administration in accordance with law and constitutional usage. The Crown is hereditary, but subject to such limitations as may be imposed by parliament—i.e., by the Crown, the Lords and the Commons.

The Cabinet, or Committee of Ministers, in whom the executive government of Great Britain and Ireland is practically, though not nominally, vested, is selected with the approval of the Crown, by the Premier or First Minister, who is the choice of the Crown, the existence of the Cabinet being dependent upon the possession of a majority in the House of Commons, the popular branch of Parliament.

The parliament of Great Britain is composed of the Crown, the Lords, and the Commons. The House of Lords consists at present of 591—archbishops (2), bishops (24) and peers, the latter divided into dukes, marquesses, earls, viscounts and barons. Three princes of the royal blood have also seats in the house. Scotland is represented by 16 peers, elected for each parliament, and Ireland by 28 representative peers elected for life. The speaker is the Lord High Chancellor of Great Britain, who is a member of the cabinet, and retires with a change of government. The House of Lords has co-ordinate powers of legislation with the House of Commons, except as respects taxation or money bills. It cannot initiate or amend such bills, but it may reject them as a whole. The House of Commons is the body where the chief political power rests. It consists of 670 members, elected by the legal electors of Great Britain and Ireland, as follows:—

England 465, Wales 30, Scotland 72, Ireland 103. All elections are now by ballot. Since the Reform Bill of 1832 the franchise has been widely extended to all classes who have a stake in the country.

THE COLONIES.

The Colonies proper of Great Britain form three classes:

(1) The Crown Colonies, which are entirely controlled by the home government.

(2) Those possessing Representative Institutions, in which the Crown has no more than a veto on legislation, but the home government retains the control of public officers.

(3) Those possessing Responsible Government, in which the home government has no control over any public officer, though the Crown appoints the Governor and still retains a veto on legislation.

To the last named class belongs the Dominion of Canada.

THE DOMINION OF CANADA

The territories which now constitute the Dominion of Canada came under the British flag at various times, some by settlement and others by conquest or cession. Nova Scotia (Acadia) was discovered by the Cabots, in the service of King Henry VII, in 1497. The Colony of Halifax founded in 1749. By the Treaty of Utrecht (1713), Acadia and the Hudson Bay Territory were acknowledged to be British Territory. The Hudson Bay Company's Charter, conferring right of government over the territory now known as the Provinces of Manitoba, Saskatchewan, Alberta and the North-West Territories, was granted in 1670. The Old French Colony of Canada was surrendered by the capitulation of Montreal, signed September 8, 1760, and along with Prince Edward Island, and part of the present Province of New Brunswick, formally ceded to Great Britain by France under the Treaty of Paris, signed Feb. 10, 1763.

Vancouver Island was acknowledged to be British by the Oregon Boundary Treaty of 1846, and British Columbia was occupied in 1858.

As originally constituted, the Dominion of Canada was composed of the Provinces of Ontario, Quebec, Nova Scotia, and New Brunswick. They were united under the provisions of an Act of the Imperial Parliament (30 Victoria, Chapter III) passed in 1867 and commonly cited as "The British North America Act 1867," although its full official designation originally was :—"An Act for the Union of Canada, Nova Scotia and New Brunswick, and the government thereof, and for purposes connected therewith." This Act received the Royal assent, March 29th, 1867, and came into effect by virtue of Royal Proclamation, July 1st, 1867. This Act expressly provides that the Constitution of the Dominion shall be "similar in principle to

that of the United Kingdom" (1st Clause), that the executive authority shall be vested in the Sovereign of Great Britain and Ireland, and carried on in her name by a Governor-General and Council "to aid and advise in the government of Canada, to be styled the Queen's Privy Council for Canada." (Clauses 9, 10 and 11). Provision was made in the Act for the admission of British Columbia, Prince Edward Island, the North-West Territories, and Newfoundland into the Dominion. (Clause 146). Newfoundland alone has not availed itself of such provision. In 1869 the extensive region known as "Rupert's Land," "the Hudson Bay Territory," and "the North-West Territories" was added to the Dominion by purchase from the Hudson's Bay Company. The Province of Manitoba was set apart out of a portion of it, and admitted into the Confederation July 15, 1870. July 20, 1871, the Province of British Columbia and July 1, 1873, the Province of Prince Edward Island, respectively, entered the Confederation. The Provinces of Alberta and Saskatchewan were formed from the provisional districts of Alberta, Athabaska, Assiniboia and Saskatchewan, and were admitted to the Union as Provinces on September 1st, 1905.

THE GOVERNMENT OF CANADA

The executive power of the government of the Dominion of Canada is vested in the King, represented by the Governor-General, appointed by the Crown (the British Government) and advised by a cabinet chosen from members of the Privy Council of Canada, and consisting of ministers, holding departmental offices, besides, often, one or more ministers without portfolios. The government holds office as long as it has the confidence of the popular branch of parliament.

The principles of parliamentary government are those of England.

According to the B.N.A. Act, Sec. 55, where a Bill passed by the Houses of the Parliament is presented to the Governor-General for the Queen's assent, he shall declare, according to his discretion, but subject to the provisions of the mentioned Act and to Her Majesty's instruction, either that he assents thereto in the Queen's Name, or that he withholds the Queen's assent, or that he reserves the Bill for the signification of the Queen's pleasure.

On the opening day of the third session of the tenth parliament (Nov. 22, 1906) the Speaker announced in the House of Commons the Hon. C. S. Hyman had resigned his seat for the City of London, but added that perhaps it was not quite in form. Subsequently, Feb. 6, 1907, the Speaker read to the House a substitutionary resignation, dated at London, Ont., Nov. 20, 1907, signed by Mr. Hyman and attested by two witnesses. The Prime Minister stated that he had declined to accept Mr. Hyman's resignation as Minister of Public Works. (See revised Hansard of Feb. 8, 1907, page 2750). Mr. Speaker announced issue of warrant for new election. (Hansard page 2943). Validity of resignation referred to Committee on Privileges and Elections, Feb. 18, 1907. (Hansard p. 3170) whereupon the Speaker suspended the warrant for a writ for a new election. (Hansard p. 3276). Report of Committee presented to the House March 14, 1907, and printed in Votes and Proceedings at p. 680. Report, which was adopted, declared Mr. Hyman's resignation to be invalid. At the opening of the sitting of the House on April 20, the Speaker read a letter he had received from Mr. Hyman resigning in regular form his seat for the electoral division of London. Mr. Speaker announced that he had issued his warrant to the Clerk of the Crown in Chancery to make out a new writ of election.

On April 2, 1907, the Prime Minister read to the House a letter from Hon. H. R. Emmerson resigning his portfolio as Minister of Railways and Canals (Hansard p. 3554).

The Hon. Wm. Templeman was appointed Minister of the newly created Department of Mines, May 3, 1907.

August 30, 1907, the Honourable William Pugsley, formerly Prime Minister of New Brunswick, was sworn in as Minister of Public Works, and the Hon. George P. Graham, a former member of the Ontario Provincial Government, and later leader of the opposition in the Ontario Provincial Legislature, sworn in as Minister of Railways and Canals.

THE SENATE OF CANADA

According to the British North America Act, 1867, the Senate was to consist of 72 members, 24 for the Province of Ontario, 24 for Quebec and 24 for the Maritime Provinces (Nova Scotia and New Brunswick). Qualifications were laid down as follows:—Must be a British subject; must be thirty years of age; must be possessed of real property, free of all incumbrances, to the value of $4,000; must be a resident of the province for which he is appointed. Senators are appointed by the Governor-General in Council and subject to certain conditions hold their appointments for life. A Senator may by writing resign his seat. His place becomes vacant if for two consecutive sessions of Parliament he fails to attend; (2) if he becomes a subject or citizen of a foreign power; (3) if he becomes a bankrupt or defaulter; (4) if he is attainted of felony or convicted of felony or crime; (5) if he ceases to be qualified in respect of property. The Governor-General in Council appoints the Speaker of the Senate. The debates and proceedings of the Senate are governed by Rules and Orders modelled to a considerable extent after those of the House of Lords, and differing very considerably from those of the House of Commons. Thus honorable gentlemen rising to speak, address themselves to the "Honourable Gentlemen" composing the House and not to "Mr. Speaker" as in the House of Commons.

The first increase in the membership of the Senate took place in 1871, when Manitoba and British Columbia, upon entering the Confederation, were awarded three seats each. In 1873 Prince Edward Island upon entering Confederation, was given four members, the representation of Nova Scotia and New Brunswick being reduced by two senators each. In 1882 Manitoba was given an additional member, and in 1892 another. In 1888 the North-West Territories were given two senators. In 1904, in virtue of the Act 3 Edward VII, Chapter 42, the representation of the Northwest Territories was increased to four. Upon the creation of the Provinces of Alberta and Saskatchewan in 1905, each was allotted 4 seats in the Senate, or four additional seats between them.

So the Senate at present consists of 87 members as follows:—Ontario, 24; Quebec, 24; Nova Scotia, 10; New Brunswick, 10; Prince Edward Island, 4; British Columbia, 3; Manitoba, 4; Saskatchewan, 4; Alberta, 4.

In accordance with 5th Edward VII, Chapter 43, an allowance is made to each member of the Senate and House of Commons of $20. for each day's attendance if the session does not extend beyond thirty days, and if the session extends beyond that time an allowance of $2,500 is made. For every day on which a member does not attend a sitting of his House a deduction at the rate of $15. per day is made.

The Senate has co-ordinate powers of legislation with the House of Commons, except in the case of revenue, taxation, or money bills. Though it cannot initiate or amend such bills, it may reject them.

SPEAKER OF THE SENATE.

(Allowance $4,000 a year in addition to sessional indemnity, with official residence in Parliament House).

The Honourable Raoul Dandurand, B.C.L., K.C. (De Lorimier). S. of late Edipe Dandurand, merchant, Montreal. B. in Montreal, Nov. 4 1861. Ed. at Montreal Coll. and Laval Univ. Madame Dandurand is an authoress of some repute, a laureate of the Royal Society, and Vice-Pres. of the National Council of Women. She was apptd. in May, 1898, by the French Govt., for her literary attainments, "Officier d'Académie," being the first Canadian woman thus honored. The De Lorimier division was called after one of the leaders of the rebellion of 1837-1838, who was executed at the same time as Duquette, who came from that division, and Mr. Dandurand's family is closely allied to both. THE HOUSE OF COMMONS OF CANADA

The House of Commons of Canada is elected by the people for five years, unless sooner dissolved by the Governor-General. Members require no property qualification, but they must be of the age of 21, and British subjects, not disqualified by law. The Speaker is chosen by the House at the opening sitting of the first session of each parliament, and has a salary of $4,000 per annum, besides his sessional indemnity, and the Deputy Speaker one of $2,000. Each member receives an allowance of $2,500 for a session of over 30 days, with a deduction of $15 a day for the days he does not attend. The recognized Leader of the Opposition receives $7,000 dollars a session in addition to his ordinary sessional allowance.

The members are elected by constituencies, the electors of which are supplied by franchises under the control of the several provincial assemblies, an Act having been passed, in the session of 1898, to make the provincial voters' lists, with some unimportant limitations, available for elections for the House of Commons. From 1885 to 1898, the elections for the House of Commons were held under a Dominion Franchise Act. The qualifications for voting at the elections for the provincial assemblies vary in the several provinces. Voting is in every case by ballot.

The number of members of the House of Commons is regulated by the following clauses of the British North America Act, 1867,—

"51. On the completion of the Census in the year one thousand eight hundred and seventy-one, and of each subsequent decennial Census, the representation of the four Provinces shall be readjusted by such Authority, in such a manner, and from such time as the Parliament of Canada from time to time provides, subject and according to the following Rules:—

"(1). Quebec shall have the fixed number of Sixty-five members.

"(2). There shall be assigned to each of the other Provinces such a number of members as will bear the same proportion to the number of its population (ascertained at such Census) as the number Sixty-five bears to the number of the population of Quebec (so ascertained).

"(3). In the computation of the number of members for a Province a fractional part not exceeding one-half of the whole number requisite for entitling the Province to a member shall be disregarded; but a fractional part exceeding one-half of that number shall be equivalent to the whole number.

"(4). On any such re-adjustment the number of members for a Province shall not be reduced unless the proportion which the number of the population of the Province bore to the number of the aggregate population of Canada at the then last preceding readjustment of the number of members for the Province is ascertained at the then latest Census to be diminished by one-twentieth part or upwards.

"(5). Such readjustment shall not take effect until the termination of the then existing Parliament.

"52. The number of members of the House of Commons may be from time to time increased by the Parliament of Canada, providing the proportionate representation of

the Province prescribed by this Act is not thereby disturbed."

At Confederation (1867), the House of Commons consisted of 181 members, of which Ontario returned 82; Quebec, 65; Nova Scotia, 19; and New Brunswick 15.

In 1875 there were 206 members. Ontario returned 88; Quebec, 65; Nova Scotia, 21; New Brunswick, 16; British Columbia, 6; Prince Edward Island, 6 and Manitoba, 4.

In 1885 there were 211 members. Ontario returned 92; Quebec, 65; Nova Scotia, 21; New Brunswick, 16; British Columbia, 6; Prince Edward Island, 6; and Manitoba, 5.

In 1895 there were 213 members. Ontario returned 92; Quebec, 65; Nova Scotia, 20; New Brunswick, 14; Manitoba, 7; British Columbia, 6; Prince Edward Island, 5; North-West Territories, 4.

In 1905 (as per Redistribution Bill of 1903) there were 214 members. Ontario returned 86; Quebec, 65; Nova Scotia, 18; New Brunswick, 13; Manitoba, 10; North-West Territories, 10; British Columbia, 7; Prince Edward Island, 4; the Yukon Territory, 1.

The House remains so constituted at present (October 15, 1907.)

During the first session of the Tenth Parliament of Canada (1905) provision was made for the creation of the new provinces of Saskatchewan and Alberta out of part of the North-West Territories, and provision was made for the taking of a census of population in the two new provinces, as also in Manitoba, in the middle year of each decade, commencing with 1906. The results of the first quinquennial census, made necessary, according to the Saskatchewan and Alberta Acts, a readjustment of the representation of Saskatchewan and Alberta in the House of Commons, and at the session of 1906-07 an amendment was passed to the representation Act (Chapter 5 of the Revised Statutes 1906) providing that the House of Commons shall consist of two hundred and twenty-one (221) members, as follows:—Ontario, 86; Quebec, 65; Nova Scotia, 18; New Brunswick, 13; Manitoba, 10; Saskatchewan, 10; British Columbia, 7; Alberta, 7; Prince Edward Island, 4; Yukon Territory, 1.

By a special clause embodied in this Act, it will only take effect upon the dissolution of the present Parliament.

The functions, powers and prerogatives of the Canadian House of Commons approximate as closely as may be to

those possessed by the Lower House of the Imperial Parliament. Bills for appropriating any part of the Public Revenue, or for imposing any Tax or Import, must originate in the House of Commons. It is not lawful for the House of Commons to adopt or pass any Vote, Resolution, Address, or Bill for the Appropriation of any Part of the Public Revenue, or of any Tax or Impost, to any Purpose, that has not been first recommended to the House by Message of the Governor-General in the Session in which such Vote, Resolution, Address or Bill is proposed. The closure does not exist in Canada.

The Library of Parliament is under the direct supervision of a joint committee of the Senate and House of Commons.

THE PROVINCES.

At the head of each Provincial Government is a Lieutenant-Governor, appointed by the Governor-General-in-Council by instrument under the Great Seal of Canada, and paid out of the Federal treasury.

The Lieutenant-Governors hold office during the pleasure of the Governor-General; but they are not removable within Five Years, from their Appointment, except for cause assigned, which must be communicated to them in Writing within One Month after the Order for their Removal is made, and must be Communicated by Message to the Senate and to the House of Commons within One Week thereafter if the Parliament is then sitting, and if not, then within One Week after the Commencement of the next Session of the Parliament.

In the Provinces of Ontario, New Brunswick, Prince Edward Island, Manitoba, British Columbia, Saskatchewan and Alberta, there is but a single Chamber (Legislative Assembly) for each. Quebec and Nova Scotia have each a Second Chamber, or Legislative Council, the members of which are appointed for life by the Provincial Governments of those provinces.

The executive work of government in each province is carried on by the Lieutenant-Governor, advised by his Ministers, who hold seats in the Legislature and receive the support of a majority of its members. The same principle of responsible government prevails in the provincial as in the federal administration.

According to the B.N.A. Act (sec. 92 and 93)

"(92) In each Province the Legislature may exclusively make Laws in relation to matters coming within the classes of subjects next hereinafter enumerated; that is to say:—

"1. The Amendment from time to time, notwithstanding anything in this Act, of the Constitution of the Province, except as regards the Office of Lieutenant-Governor.

"2. Direct Taxation within the Province in order to the raising of a Revenue for Provincial Purposes.

"3. The borrowing of Money on the sole Credit of the Province.

"4. The Establishment and Tenure of Provincial Office, and the Appointment and Payment of Provincial Officers.

"5. The Management and Sale of the Public Lands belonging to the Province, and of the Timber and Wood thereon.

"6. The Establishment, Maintenance, and Management of Public and Reformatory Prisons in and for the Province.

"7. The Establishment, Maintenance, and Management of Hospitals, Asylums, Charities, and Eleemosynary Institutions in and for the Province, other than Marine Hospitals.

"8. Municipal Institutions in the Province.

"9. Shop, Saloon, Tavern, and Auctioneer, and other Licenses, in order to the raising of a Revenue for Provincial, Local or Municipal Purposes.

"10. Local Works and Undertakings, other than such as are of the following Classes:—

"(*a*) Lines of Steam or other Ships, Railways, Canals, Telegraphs, and other Works and Undertakings connecting the Province with any other or others of the Provinces, or extending beyond the Limits of the Province.

"(*b*) Lines of Steamships between the Province and any British or Foreign Country.

"(*c*) Such Works as, although wholly situate within the Province, are before or after their Execution declared by the Parliament of Canada to be for the general advantage of Canada or for the advantage of two or more of the Provinces.

"11. The Incorporation of the Companies with Provincial Objects.

"12. Solemnization of Marriage in the Province.

"13. Property and Civil Rights in the Province.

"14. The Administration of Justice in the Province, including the Constitution, Maintenance, and Organization of Provincial Courts, both of Civil and of Criminal Jurisdiction, and including Procedure in Civil Matters in these Courts.

"15. The Imposition of Punishment by Fine, Penalty, or Imprisonment for enforcing any Law of the Province made in relation to any Matter coming within any of the Classes of subjects enumerated in this Section.

"16. Generally all matters of a merely local or private nature in the Provinces.

"(93.) In and for each Province the Legislature may exclusively make Laws in relation to Education, subject and according to the following Provisions:—

"1. Nothing in any such law shall prejudicially affect any right or Privilege with respect to Denominational Schools which any Class of Persons have by Law in the Province at the Union.

"2. All the Powers, Privileges, and Duties at the Union by Law conferred and imposed in Upper Canada on the Separate Schools and School Trustees of the Queen's Roman Catholic Subjects, shall be and the same are hereby extended to the Dissentient Schools of the Queen's Protestant and Roman Catholic Subjects in Quebec.

"3. Where in any Province a System of Separate or Dissentient Schools exists by Law at the Union or is thereafter established by the Legislature of the Province, an Appeal shall lie to the Governor-General-in-Council from any Act or Decision of any Provincial Authority affecting any Right or Privilege of the Protestant or Roman Catholic Minority of the Queen's Subjects in relation to Education.

"4. In case any such Provincial Law as from Time to Time seems to the Governor-General-in-Council requisite for the due Execution of the Provisions of this Section is not made, or in case any Decisions of the Governor-General-in-Council on any Appeal under this Section is not duly executed by the proper Provincial Authority in that behalf then and in every such case, and as far only as the circumstances of each case require, the Parliament of Canada may make remedial Laws for the due Execution of the Provisions of this Section, and of any Decision of the Governor-General-in-Council under this Section."

SASKATCHEWAN

PROVINCE OF SASKATCHEWAN

With the Province of Alberta, formed from part of the Northwest Territories by Act of the Dominion Parliament, 1905 (first session, 10th Parliament). The two new provinces are divided by the meridian of 110° west from Greenwich. They lie between British Columbia on the west, and Manitoba and the Northwest Territories on the east, and between the International boundary at the 49th parallel on the south, and the 60th parallel on the north. From north to south each province extends 760 miles, or as long as from the mouth of the Detroit River to the mouth of the Saguenay in a straight line. The area of the two provinces is 504,190 square miles, which is as large as the united areas of Great Britain, France and Germany, as large as the States of Michigan, Wisconsin, Iowa, Minnesota and the two Dakotas combined, and more than twice as large as the six New England States, together with New York, New Jersey, Pennsylvania, Ohio and Indiana. The provisions of the B.N.A. Act, 1867, with its several amendments apply to the new provinces. The public lands are retained by the Government of Canada, and in place of these, as a source of revenue, the provinces receive an annual sum based upon the population as from time to time ascertained by the quinquennial census.

Act creating Province of Saskatchewan came into force Sept. 1, 1905.

Population (census of 1906) 257,000.

Area 242,332 square miles of land; 8,318 of water.

Seat of Government, Regina.

LIEUTENANT-GOVERNOR

THE TERRITORIES.

THE TERRITORIES.

It is the practice in Canada to call the unexplored, the unorganized, and even the partially organized regions, "Territories".

The Territories, by reason of their sparse population, being to a greater or lesser extent dependant upon the more densely populated and thoroughly organized portions of the country for such laws and the administration thereof as is practicable under the peculiar circumstances, do not enjoy responsible government, neither could they exercise the privilege if they possessed it. The territorial governments are provided for by Federal statutes of considerable elasticity, which afford ample scope for expansion. As the settlement of parts of the Territories warrants the granting of a full measure of responsible government therein, they are either annexed to existing provinces or created into new ones, as in the case of Manitoba, Saskatchewan and Alberta.

The chief instrument employed in the administration of the Territories and in the enforcement of the law therein is the Royal Northwest Mounted Police Force, maintained by the Dominion Government.

C. 6,) the chief executive office, (the Commissioner of the Yukon Territory) is appointed by the Governor-in-Council and administers the government of the territory under instructions from time to time given him by the Governor in-Council, or by the Minister of the Interior. THE NORTHWEST TERRITORIES.

July 31st, 1868, "Rupert's Land Act" passed by the Imperial Parliament providing for the acquisition of the Dominion Government of "Rupert's Land" or the "Hudson Bay Territory".

May 11, 1870, £300,000 paid by the Dominion Government for the territorial rights of the Hudson Bay Company in Rupert's Land.

Manitoba and "The Northwest Territories" (Hudson Bay Territory) became a part of the Dominion.

District of Keewatin, created 1876.

The districts of Alberta, Assiniboia, Athabaska and Saskatchewan formed from the southern part of the Northwest Territories, 1882.

In 1888 these districts were accorded local responsible government, and the old Northwest Council replaced by the Northwest Legislature, which existed up to Aug. 31, 1905.

Districts of Mackenzie, Ungava, and Franklin, created 1895.

The district of Keewatin, which had formerly been under the administration of the Lieut.-Governor of Manitoba, was, by Order in Council of July 24, 1905, re-annexed to the Northwest Territories and made subject to the same government and laws as the territories.

September 1, 1905, Alberta and Saskatchewan, comprising the more settled portions of the Northwest Territories, began their existence as separate provinces.

The Northwest Territories, as at present existing, include the vast unorganized districts of Franklin, Keewatin, Mackenzie and Ungava. The term "Northwest" is misleading, for Ungava and part of Franklin are in the extreme north-east of Canada. Actually what is understood by the term Northwest Territories is the great, unoccupied, and largely unexplored territory north of the Provinces of Quebec, Ontario, Manitoba, Saskatchewan and Alberta from the "Newfoundland strip" along the Labrador coast on the east, to the boundaries of British Columbia and the Yukon Territory on the west. According to the evidence heard before a select committee of the Senate during the session of 1906-07, immense areas of the districts of Keewatin and Mackenzie offer exceptional inducements to settlers and capitalists, while Ungava possesses natural wealth in the shape of forests, mineral deposits and fisheries.

Population (Census of 1901)—Franklin and Keewatin, 8,546; Mackenzie, 5,216; Ungava, 5,113.

Areas.—Franklin and Keewatin, 956,997 square miles of land; 13,419 of water. Mackenzie, 521,659 square miles of land; 29,547 of water. Ungava, 349,109 square miles of land; 5,852 of water.

GOVERNMENT OF THE TERRITORIES.

The government of the Northwest Territories was provided for at the time of the interruption of the existing

territorial government by the creation of the Provinces of Saskatchewan and Alberta. According to the Northwest Territories Act of 1905, which is chapter 62 of the Revised Statutes of 1906, as amended in 1907, the Governor General appoints for the Territories a chief executive officer styled and known as the Commissioner of the Northwest Territories, who exercises the executive powers vested in the Lieutenant Governor in the Northwest Territories in Council on Aug. 31, 1905, the date of the separation of the new provinces of Alberta and Saskatchewan from the old Northwest Territories, so far as these executive powers "are applicable to and capable of being exercised in relation to the Government of the Northwest Territories as at present constituted". There is a special provision that "The Commissioner shall administer the government of the Territories under instructions from time to time given him by the Governor in Council or the Minister of the Interior." The seat of government of the Territories is to be fixed, and may from time to time be changed by the Governor in Council. The Governor in Council is also authorized to appoint a Council, (not more than four members) to aid the Commissioner in the administration of the Territories. The Royal North-West Mounted Police Force was organized under the Act 36 Victoria, chap. 35, which was introduced into the House of Commons, May 3, 1873, by Sir John A. Macdonald, after a reconnaissance of the then comparatively unknown country west of the Red River Settlement by Col. Robertson Ross, then Adjutant-General of the militia. In the autumn of 1873 three troops or divisions were organised from drafts from the east, Winnipeg being the point of mobilization. During the summer of 1874 three new divisions were mobilized at Toronto and dispatched to Manitoba (with their arms and equipment in packing cases) via Chicago and St. Paul. The main body of the force proceeded across the prairie and established posts along the frontier as far as the foothills of the Rockies, a detachment proceeding via Fort Carlton to Edmonton. The establishment is at present limited to 1,000 men. In November, 1903, His Majesty the King conferred the distinctive title "Royal" upon the force. Of recent years a considerable portion of the force is kept on duty in the Yukon and more northern parts of the North-West Territories. Although the organization, discipline and uniform of the force are of the military order, the body is a civil one under a separate branch of the Dominion service, presided over by the Prime Minister, the administrative head being the Comptroller, Lieut.-Colonel Frederick White, C.M.G.

TABLE OF PRECEDENCE FOR CANADA.

The Table of Precedence is established and subject to regulation by the Home Government, acting through the Right Honourable the Secretary of State for the Colonies. The first important amendment to the table was made in virtue of despatches from the Right Honourable the Secretary of State for the Colonies, bearing date Nov. 3, 1879, which were published in the Statutes of Canada of 1880 (43 Victoria p. XXII). The last amendment took place in virtue of dispatch dated Downing Street, Dec. 29, 1893, and published in the Canada Gazette, Jan. 20, 1894. This last amendment assigned, on the recommendation of the Dominion Government, precedence to the Controllers of Customs and Inland Revenue and the Lieutenant Governors of the then newly admitted provinces and the Northwest Territories.

During the administration of Sir Mackenzie Bowell some suggestions for a further revision of the Table of Precedence were made to the Colonial Office, but there was a change of government before the matter reached a final issue.

It will be observed that no precedence has yet been assigned to the Lieutenant Governors of Alberta and Saskatchewan nor to the chief officers of the Militia, who divide the functions of the former General Officer Commanding. The positions of Controller of Customs and Controller of Inland Revenue have ceased to exist. The Consular representatives of foreign powers in Canada

and recognized heads of other than the episcopal churches have no places in the table of precedence, but are recognized, nevertheless, in actual practice. They are regularly invited to the parliamentary functions and have been accorded defined places of entry at the Vice Regal drawing rooms.

The table is as follows:—

1. The Governor General or Officer Administering the Government.
2. The Senior Officer Commanding His Majesty's Troops within the Dominion, if of the rank of a General, and the Officer Commanding His Majesty's Naval Forces on the B.N.A. Station, if of the rank of an Admiral. Their own relative rank to be determined by the King's Regulations on the subject.
3. The Lieutenant Governor of Ontario.
4. The Lieutenant Governor of Quebec.
5. The Lieutenant Governor of Nova Scotia.
6. The Lieutenant Governor of New Brunswick.
7. The Lieutenant Governor of Manitoba.
8. The Lieutenant Governor of British Columbia.
9. The Lieutenant Governor of Prince Edward Island.
10. The Lieutenant Governor of the North-West Territories.
11. Archbishops and Bishops, according to seniority.
12. Members of the Cabinet, according to seniority.
13. Speaker of the Senate.
14. The Chief Justice of the Supreme Court of Canada.
15. The Chief Judges of the Courts of Law and Equity, according to Seniority.
16. Members of the Privy Council, not of the Cabinet.
17. The Solicitor General of Canada.
18. The Controller of Customs.
19. The Controller of Inland Revenue.
20. General Officers of His Majesty's Army serving in the Dominion, and Officers of the rank of Admiral in the Royal Navy, serving on the B.N.A. Station, not being in the chief command. The relative rank of such officers to be determined by the King's Regulations.
21. The Chief Officer commanding His Majesty's troops in the Dominion, if of the rank of Colonel or inferior rank, and the Officer commanding His Majesty's Naval Forces, on the B. N. A. Station, if of equivalent rank; their relative rank to be ascertained by the King's Regulations.

22. Members of the Senate.
23. Speaker of the House of Commons.
24. Puisné Judges of the Supreme Court of Canada, according to seniority.
25. Judge of the Exchequer Court of Canada.
26. Puisné Judges of the Courts of Law and Equity, according to Seniority.
27. Members of the House of Commons.
28. Members of the Executive Council (Provincial) within their province.
29. Speaker of the Legislative Council, within his province.
30. Members of the Legislative Council, within his Province.
31. Speaker of the Legislative Assembly within his Province.
32. Members of the Legislative Assembly within his Province.
33. Retired Judges of whatever Courts to take precedence next after the present Judges of their respective Courts.

TABLE OF CANADIAN TITLES.

1. The Governor-General of Canada to be styled "His Excellency."*
2. The Lieutenant-Governors of the Provinces to be styled "His Honour."
3. The Privy Councillors of Canada to be styled "Honourable," and for life.
4. The Solicitor-General is to be styled "Honourable" while in office.
5. Senators of Canada are to be styled "Honourable," but only during office, and the title not to be continued afterwards.

* The right of the Administrator of the Government to be styled "His Excellency" was asserted by former Chief Justice, Sir Henri Elzéar Taschereau, while acting in that capacity, and he was informed by the Right Honourable the Secretary of State for the Colonies in reply to an enquiry, that "the Administrator is rightly styled 'His Excellency'".

A despatch of April 17, 1906, conveyed His Majesty's pleasure that the wife of the Governor General should be styled "Her Excellency."

6. Executive Councillors of the Provinces to be styled "Honourable," but only while in office, and the title not to be continued afterwards.

7. The Legislative Councillors in the Provinces not in future to have that title; but gentlemen who were Legislative Councillors at the time of the Union (1st July, 1867), to retain their title of "Honourable" for life.

8. The Presidents of the Legislative Council in the Provinces to be styled "Honourable" during office.

9. The Speaker of the House of Assembly in the Provinces to be styled "Honourable" during office.*

When personally recommended for the distinction by the Governor-General, the title of "Honourable" may be retained by the President of the Senate, or by the Speaker of the House of Commons on retirement after three years of office, not necessarily continuous.

OFFICIAL RULES RE SPELLING, ETC.

The spelling in official documents in all branches of the public service of the Dominion of Canada is regulated by a minute of the Privy Council signed by the late Rt. Hon. Sir John A. Macdonald, dated May 30, 1890, and reading as follows:—

"The undersigned, to whom was referred a communication from Doctor Hurlbert addressed to the Secretary of State on the subject of the spelling of certain English words, and also a letter from the Queen's printer in reference thereto, has the honour to report:—

"That, in his opinion, the only question with respect to the spelling of such words as "honour," "favour", "labour", "honourable", and the like is, what is the mode now accepted by the best authorities in England; it appears to him to be obvious that the same system should obtain in all portions of the British Empire.

"On a reference to the best dictionaries and encyclopædias now in use in England, it will be seen that these words are spelt with the "u", and that such forms as "labor", "favor", "honor", "honorable", etc., are apparently confined to the United States, with the exception of some few instances where they have been adopted in Canada.

"In consequence of this reference the undersigned has taken occasion to inquire into the mode of spelling these

words in official and Legislative use in England, and he has ascertained that the "u" is in all such cases retained.

"The undersigned therefore recommends the issue of instructions to the effect that in all official documents, in the Canada Gazette, and in the Dominion Statutes, the English practice be uniformly followed.

"All of which is respectfully submitted."

A handbook of rules authorized for use at the Government Printing Bureau, practically regulates (under the above minute of Council) the systems of spelling, contractions, capitalization, punctuation, etc., in Government publications.

According to this book, the "Imperial Dictionary" is the standard to be followed in all cases of orthography. When there is a choice, preference is to be given to the spelling under which the definition is found.

Foreign words, such as "ad valorem," "aide-de-camp," which have become anglicized by constant use, incorporated into English sentences, should not be in italics.

"Capital letters are to be avoided as much as possible, but to be used in the following cases:—

(1.) All proper names, gentile nouns and adjectives derived therefrom, nouns and adjectives formed from proper names, and names of religions begin with capitals.

(2.) Leading substantives in the titles of books or publications must be capitalized.

(3.) The first word of every direct quotation, example, precept or question, should begin with a capital letter, and be preceded by a punctuation mark, preferably by a comma. Quotations introduced indirectly as by conjunction that, or examples, consisting of more words or phrases, take a small letter.

(4.) The word Department, Titles of Honour, etc., etc., are capitalized as proper names when preceded or succeeded by name of Department, as Department of Public Printing and Stationery, His Majesty the King, Minister of Public Works.

(5.) Names of streets, roads, etc., to be two words, with Initial capitals, as Sparks Street, Cartier Square.

(6.) Act, when referring to Act of Parliament, is capitalized.

THE GEOGRAPHIC BOARD.

Questions concerning geographic names in Canada are decided by the Geographic Board of Canada, created by Order in Council dated Dec. 18, 1897, and reading as follows:—

"His Excellency, by and with the advice of the Queen's Privy Council of Canada is pleased to create a 'Geographic Board' to consist of one member for each of the Departments of the Geological Survey, Railways and Canals, Post Office, and Marine and Fisheries, such member, being appointed by the Minister of the Department; of the Surveyor General of Dominion Lands, of such other members as may from time to time be appointed by Order in Council, and of an officer of the Department of the Interior, designated by the Minister of the Interior, who shall act as secretary of the Board; and to authorize the Board to elect its chairman and to make such rules and regulations for the transaction of its business as may be requisite.

"His Excellency is further pleased to order and direct, that all questions concerning geographic names in the Dominion which arise in the departments of the public service shall be referred to the Board, and that all departments shall accept and use in their publications the names and orthography adopted by the Board."

This Order in Council was amended by another of date Dec. 14, 1899, which provided:—

"That the Order in Council constituting the Board be amended by giving to the government of the North-West Territories and to each Province the right to nominate one of their officials as a member of the Board, who shall advise the Board with reference to names in his Province, provided that the several governments undertake to be guided by the decisions of the Board."

The Geographic Board is composed of the following:—

Gourdeau, F., Deputy Minister of Marine and Fisheries, Chairman.

Anderson, W. P., Chief Engineer, Department of Marine and Fisheries.

Bell, Dr. Robert, Chief Geologist, Geological Survey Department.

Dawson, Dr. S. E., King's Printer and Controller of Stationery.

EXECUTIVE COMMITTEE.

W. P. Anderson, J. White, A. H. Whitcher.

PROVINCIAL REPRESENTATIVE MEMBERS.
(Order in Council, Dec. 14, 1899.)

Ontario—Aubry White, Deputy Minister of Lands and Forests, Toronto, Ont.
New Brunswick—Dr. J. R. Inch, Chief Superintendent of Education, Fredericton, N.B.
Nova Scotia—Dr. A. H. MacKay, Superintendent of Education, Halifax, N.S.
Prince Edward Island—The Provincial Secretary, (ex-officio), Charlottetown, P.E.I.
British Columbia—W. F. Robertson, Provincial Mineralogist, Victoria, B.C.

The following general rules of nomenclature have been laid down by the Geographic Board:—

1. When the priority of a name has been established by publication, particularly when such publication has occurred in any standard or authoritative work or works, that name should, if possible, be retained.
2. When names have been changed or corrupted, if not too firmly established by local usage or otherwise, the original forms should be restored.
3. In cases where what was evidently originally the same word, appears with various spellings sanctioned by local usage or otherwise, these various spellings when applied to different features should be regarded as in effect different names, and as a rule it is inadvisable to attempt to produce uniformity.
4. As a rule the first published name should be retained, but where a choice is offered between two or more names for the same place or locality, all sanctioned by local

usage, that which is most appropriate and euphonious should be adopted.

5. The possessive form should be avoided whenever it can be done without destroying the euphony of the name or changing its descriptive application. Where the possessive form is retained, the apostrophe should be dropped.

6. It is desirable to avoid the use of hyphens to connect parts of Indian names.

7. Names consisting of more than one word may be connected by hyphens or combined in one word as may be advisable.

8. It is desirable to avoid the use of the words city and town as parts of names.

9. The form 'canyon' may be used instead of 'cañon'.

10. The term 'brook' is considered preferable to 'creek' for designating small streams, and will be adopted in cases where the latter has not become too firmly fixed.

11. The Board suggests that the initial letters of generic or descriptive parts of geographical names, when used in reports or other documents, should not be capitals.

12. The use of alternative names should be discontinued where possible or not inconvenient.

13. Geographical names in foreign countries should be rendered in the form adopted by that country, except where there are English equivalents already fixed by usage.

14. French names in Canada are to be spelt according to the rules of the French language.

15. The spelling of native geographical names should represent, approximately, the true sounds of the words as pronounced in the native tongue.

16. The Board adopts the rules of the Royal Geographical Society for the orthography of geographical names, of which the broad features are as follows:—

(a) The vowels are to be pronounced as in Italian and the consonants as in English.

(b) Every letter is pronounced, and no redundant letters are introduced. When two vowels come together each one is sounded, though the result, when spoken quickly, is sometimes scarcely to be distinguished from a single sound, as in *ai*, *au*, *ei*.

(c) One accent is used, the acute, to denote the syllable on which stress is laid. This is very important, as the sounds of many names are entirely altered by the misplacement of this 'stress'.

BIOGRAPHICAL AND PERSONAL INDEX.

With a view of shortening and simplifying this index as much as possible, and having in view the distinctive character of this volume as a year book of Canadian parliamentary reference, names appearing in the tables of former Dominion and Provincial administrations, in the list of the British ministry, in that of Canadian trade commissioners, in that of foreign consular officers in Canada, and in that of the United States government, are omitted from this index.

For general index see page 513.

Assessment System

The

Independent Order of Foresters

This is a Fraternal Insurance Society, incorporated by special Act of the Parliament of Canada and doing business throughout the Dominion, in the United States of America, in Great Britain and Ireland and elsewhere. It was established in Canada in 1876, reorganized in 1881 and since continued on the basis then established, namely, with a level premium system and definite rates and a reserved right to assess to meet emergencies—which have never arisen.

The I.O.F. provides Whole Life, Instalment Whole Life and Term Insurance for both men and women, with Benefits attached for Total Disability whether arising from accident, disease or old age. Sickness and Funeral Benefits are also provided in a separate department; and among the Fraternal Benefits are medical attendance, medicines, nursing, etc. The lodges or courts, as the primary organizations are called, provide many social privileges for the membership.

The expense of these several insurances and benefits averages much less than life insurance alone would cost in many of the regular life insurance companies.

The Society was reorganized in 1881 with only 369 members carrying certificates or policies for about $380,000, and with on indebtedness for matured claims of $4,000. To-day it has a membership approximating 260,000 in good standing; and after paying all management expenses and $24,000,000 for insurance and other benefits, has accumulated funds amounting to $11,903,359.04 as at 1st January, 1908. Included in its assets is a magnificent fire-proof building at Toronto, known as the Foresters' Temple, twelve storey high.

The head office of the I.O.F. is in the Foresters' Temple, Toronto, where the business from all fields of operation converge, and where the principal legislative body of the Order, known as the Supreme Court, meets quadrennially. The principal officers are Elliott G. Stevenson, S. C. R.; R. Mathison, M. A., S. S.; H. A. Collins, S. T.; T. Millman, M. D., M. R. C. S. E., S. P., whom may be addressed at Toronto by persons desiring information or to do business with the Society.

THE ROYAL MILITARY COLLEGE

There are few national institutions of more value and interest to the country than the Royal Military College at Kingston. At the same time its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving the highest technical instructions in all branches of military science to cadets and officers of Canadian Militia. In fact, it is intended to take the place in Canada of the English Woolwich and Sandhurst and the American West Point.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and in addition there is a complete staff of professors for the civil subjects, which form such a large proportion of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive in addition to their military studies a thoroughly practical, scientific and sound training in all subjects that are essential to a high and general modern education.

The course in mathematics is very complete and a thorough grounding is given in the subjects of Civil Engineering, Civil and Hydrographic Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the system.

In addition the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures good health and fine physical condition.

Seven commissions in His Majesty's regular army are annually awarded as prizes to the cadets.

Three Commissions in the Permanent Force will be given annually, should vacancies exist, to the graduating class, viz.:—Every year one in the Infantry; and each alternate year:

One in the Engineers and one in the Horse Artillery.

One in the Cavalry or Mounted Rifles and one in the Garrison Artillery.

Further, every three years a Commission in the Ordnance Corps will be given to the graduating class.

Three 2nd class clerkships, or appointments with equivalent pay, will be offered annually to the graduating class, such appointments to be in the following Departments, viz.:—Public Works, Railways and Canals, Inland Revenue, Agriculture and Interior.

The length of the course is three years, in three terms of 9½ months' residence each.

The total cost of the three years' course, including board, uniforms, instructional material, and all extras, is from $750 to $800.

The annual competitive examination for admission to the College will take place at the headquarters of the several military districts in which candidates reside, in May of each year.

For full particulars of this examination or for any other information, application should be made as soon as possible, to the Secretary of the Militia Council, Ottawa, Ont.; or to the Commandant, Royal Military College, Kingston, Ont.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry must be made in person by the applicant at the office of the local Agent or Sub-Agent. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An application for inspection must be made in person. The applicant must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled.

DUTIES.—A settler is required to perform the conditions under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.
